(A) Encrypt with password

(B) Restrict editing

(C) Restrict access

(D) Mark as final

४०. The function to display updatable current date in MS excel is

(A) DATE()

(B) TODAY()

- (C) NOW()
- (D) CTRL+;

୪୧. Which Excel function is used to find the largest value in a range of cells?

- (A) MAX()**
- (B) MIN()
- (C) AVERAGE()
- (D) SUM()

୪୨. Which feature of an electronic spreadsheet allows users to add descriptive text or page numbers to printed documents?

- (A) Header and Footer**
- (B) Page Setting
- (C) Workbook
- (D) Spell Checking

୪୩. What is the purpose of indexing in a database system?

- (A) To organize data in tables
- (B) To establish relationship among tables
- (C) To format and validate field data
- (D) To optimize data retrieval speed**

୪୪. Database is generally

- (A) System-centered
- (B) User-centered
- (C) Company-centered
- (D) Data-centered**

୪୫. A Database Management System is a type of

- (A) System Software
- (B) Application Software**
- (C) General Software
- (D) Utility Software

୪୬. Which of these refers to the PowerPoint view used for displaying only the text (title and bullets) ?

- (A) Slide sorter show
- (B) Slide view

(C) Outline view

(D) Notes page view

୪୭. The effect applied to display when slides change in slide show view is

(A) Custom animation

(B) Slide transition

(C) Slide animation

(D) Slide movement
